

## A Surprise Prayer Activity

There are many amazing stories in the Bible about God and His people, about Jesus, his life on earth and the beginning of the Christian Church which we can read about in Acts. One of those stories is the about how Saul became Paul when Jesus appeared on the road to Damascus in Chapter 9.

What a surprise and a shock that must have been for Paul. In our prayer activity today we are going to make a Prayer Cube and the prayer you pray depends on how it lands. SURPRISE!!!!!!

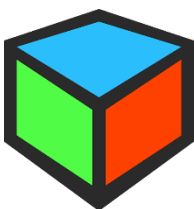

### **YOU WILL NEED:**

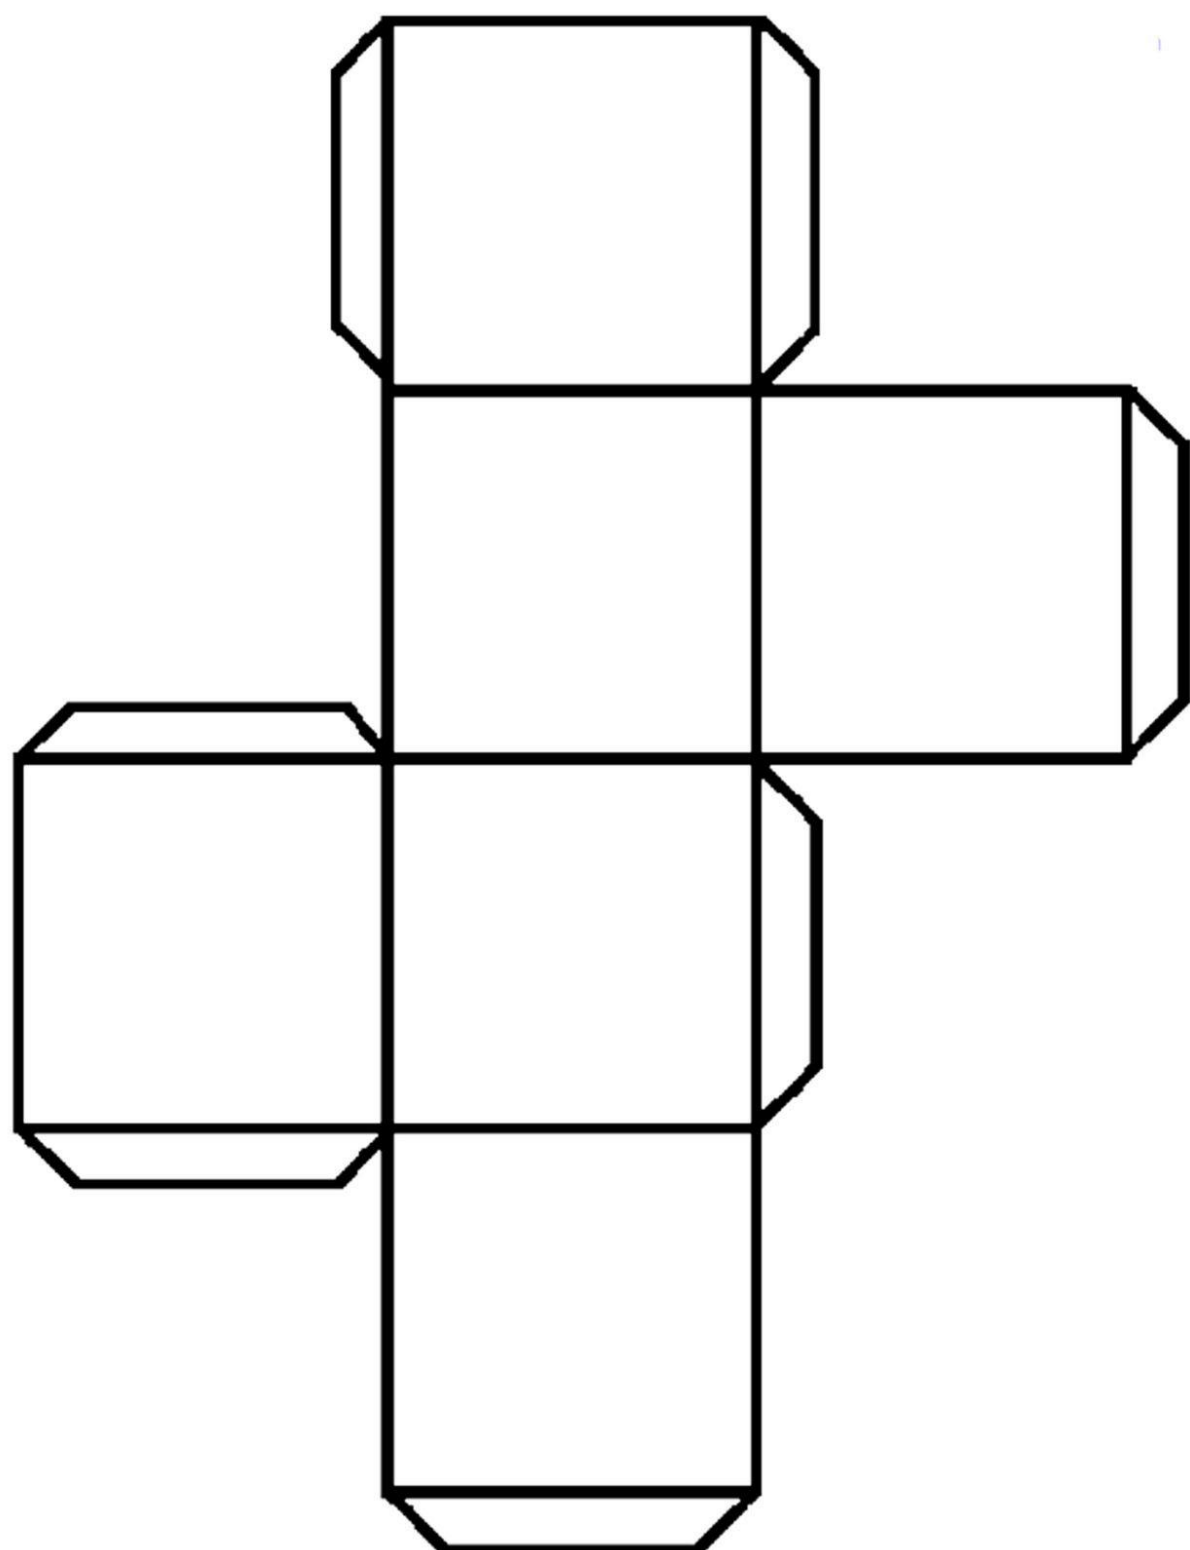

A piece of thin card or thick paper

Cut out the cube template if you can print it off **IF NOT** draw the template ( you might need someone to help you)

Felt Pens and Pencils

Glue Stick

Put the words below into the squares - one word in each square. Then decorate with felt pens around each word.

Praise God

Thank You

Sorry

Please

Help me

Help .....

Once you have done this you can glue each tab and make it into cube.

## PRAYER TIME

Roll the cube and if it lands on 'Thank You' say a Thank You prayer. If on 'Sorry' say a Sorry Prayer and so on. You won't know what sort of prayer you will pray until it stops rolling. Have Fun.
